User Story #1

A frequent crossword puzzle sovier has been stuck on an entry for the past two weeks. The prompt given by the crossword is: Food. He has no idea as to what should be entered, so he seeks out help from XWord. Since he is clueless, he wants to find all the words associated with 'food'.

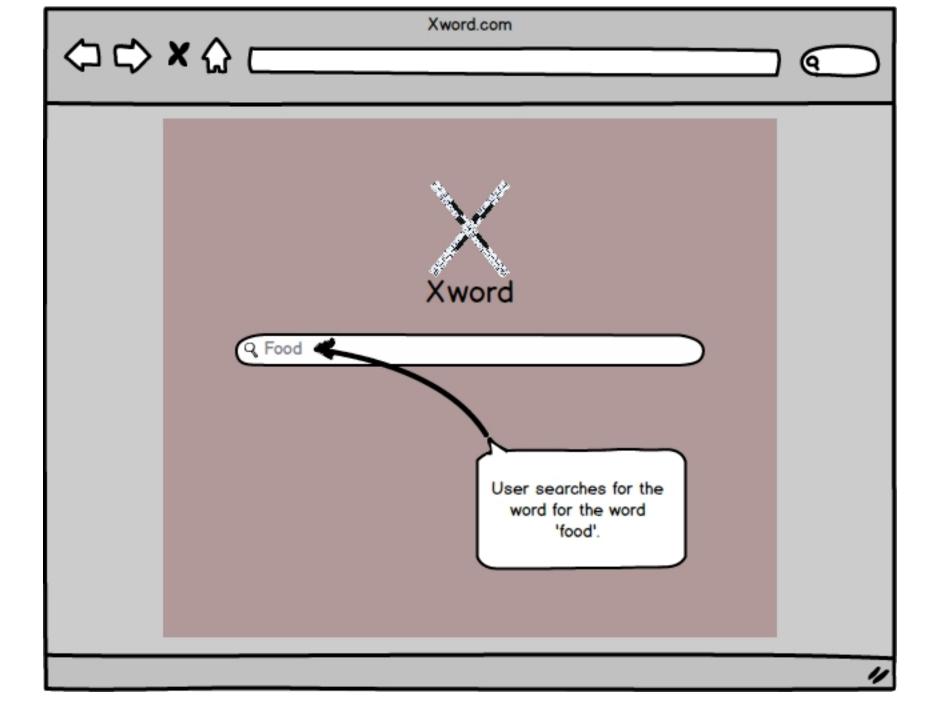

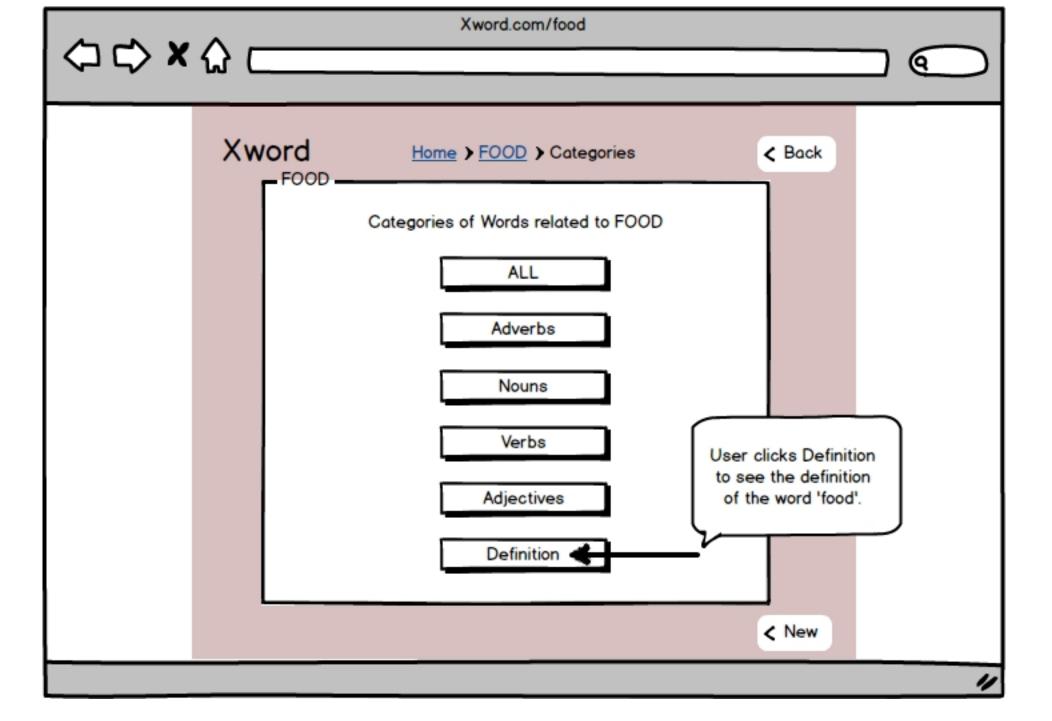

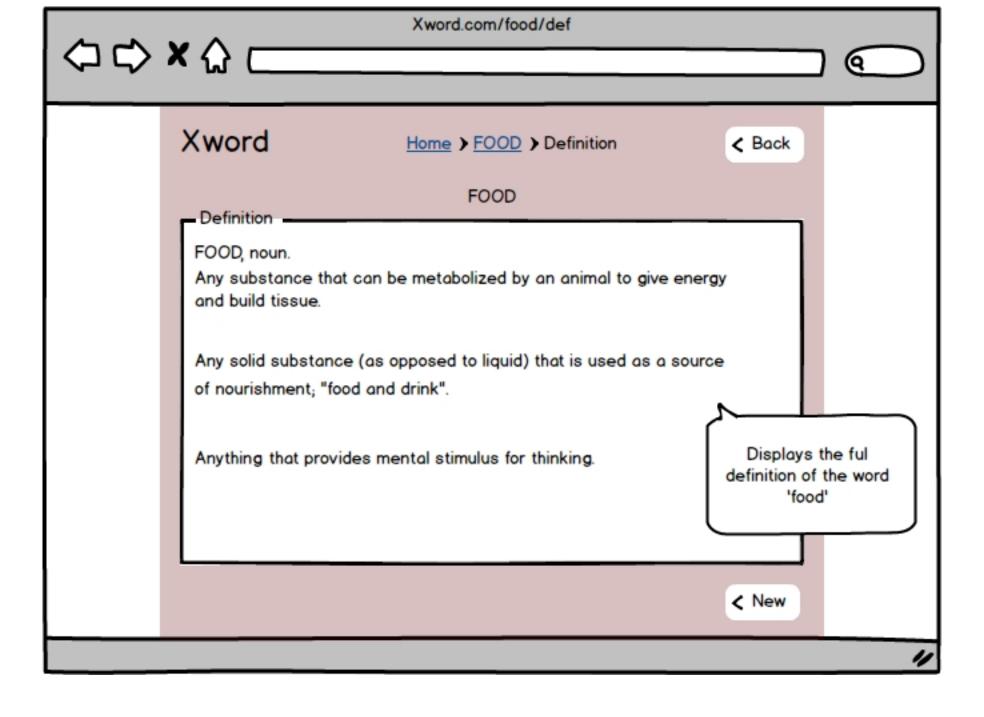

User Story #2

A frequent crossword puzzle sovler has been stuck on an entry for the past two weeks. The prompt gives him a hint as to the correct entry being associated with food, due to it being a definition. However, he is not certain - so he looks up the definition of food using XWord.

User Story #3

A frequent crossword puzzle sovler has been stuck on an entry for the past two weeks. The prompt given by the crossword is: Food, noun. He knows that the word is a noun and the word consists of six letters. In addition to this, he knows that the second letter is an 'r' and that the fourth letter is an 'n'. He has no idea as to what should be entered, so he seeks out help from XWord. Since he sits on some information regarding the solution, he uses a narrowed down search.
